CHECKLIST

Your white paint selection checklist

- [ ] Hold paint chips against bright white paper to see the undertone
- [ ] Note which direction your windows face
- [ ] Paint large test squares on different walls
- [ ] Check the patches in morning, midday and evening light
- [ ] Test with the artificial lighting you will use
- [ ] Consider what the light reflects off in the room
- [ ] Prime the walls if they are patchy or a strong colour
- [ ] Apply two full coats before judging the final colour
