CHECKLIST

Voile Curtains: Styling Checklist

- [ ] Measure the pole width and check the total fabric width reaches close to twice that measurement
- [ ] Raise the pole as close to the ceiling as the bracket allows
- [ ] Extend the pole width beyond the window frame on each side
- [ ] Press or steam the panels before hanging
- [ ] Dress the folds by hand and leave for a full day to train the fabric
- [ ] Check the hem hangs at an even length across the full width
- [ ] Consider a blind inside the recess or a heavier curtain behind the voile for layering
- [ ] Match pole finials and rings to the same finish throughout
