CHECKLIST

Paint Matching Checklist

- [ ] Lift a clean sample from an unfaded area, at least stamp-sized
- [ ] Take the sample to a retailer with a colour-matching service
- [ ] Specify the same sheen as the existing paint
- [ ] Buy a tester pot and paint a large patch on the wall
- [ ] Check the test in morning light and again in the evening
- [ ] Confirm the match works with the room's current lighting and furnishings
- [ ] Record the colour name, brand and sheen for future use
