CHECKLIST

Feature Wall Decisions Checklist

- [ ] Stand in the doorway and note which wall your eye settles on first
- [ ] Identify any architectural features that already draw attention to one wall
- [ ] Walk around the room and count which wall stays visible from the most positions
- [ ] Measure the uninterrupted surface on your chosen wall
- [ ] Check where natural light falls and how it affects the colour
- [ ] Tape coloured paper to the wall and observe it for a full day
- [ ] Confirm the wall anchors or faces your main furniture
- [ ] Avoid painting walls broken by multiple doors or large windows
