CHECKLIST

# Flattening Curled Rug Edges: Your Action Checklist

- [ ] Unroll the rug and lay it flat in the room where it will live
- [ ] Roll the rug tightly in the opposite direction to the curl and leave it overnight
- [ ] Weight all four corners with heavy, flat objects wrapped in cloth
- [ ] Mist curled edges lightly with water and smooth them down by hand
- [ ] Keep weights in place until the backing is completely dry
- [ ] Place a non-slip rug pad underneath to prevent future curling
- [ ] Position furniture legs near corners once edges lie flat
- [ ] Store rugs flat or rolled around a wide tube with pile facing inwards
